

**Amy Siu Ngor FU**

**Professor and Associate Director of Research Institute for Sports Science and Technology**

**The Hong Kong Polytechnic University**

**Professor FU** is a physiotherapist in training. She is the Programme Lead of the MSc in Sports Physiotherapy programme provided by PolyU. Sports injuries, in particular chronic pain and dysfunction associated with tendons and muscles, are the research focus of Prof. Fu. She has developed wearable devices for self-management of knee pain and sleep. Her knee mobilization device has achieved a gold medal at the 49th Geneva International Exhibition 2024. Prof. Fu has been invited by the National and Provincial Sports Bureau of Mainland China as a sports rehabilitation expert since 2008.
