

**Wen Jung LI**

**Vice-President (Talent and International Strategy) & Chair Professor, Department of Mechanical Engineering**

**City University of Hong Kong**

**Professor Wen Jung LI** is Vice President (Talent and International Strategy) and Chair Professor at City University of Hong Kong. Internationally recognized for his pioneering work in AI-enabled micro/nano sensing, his research has advanced wearable and vision-free motion analytics for sports science, rehabilitation, human-machine interaction, and robotic embodied intelligence. His team's innovations in intelligent sensing have supported athletic training in Hong Kong and promoted wellness education across more than 600 schools in Mainland China. He is a Fellow of IEEE and ASME, an International Fellow of the Canadian Academy of Engineering, and a Member of the National Academy of Artificial Intelligence (USA).
